Master of Science in Machine Learning

Admission Requirements and Application Materials

Those applying to the Master of Science in Machine Learning program at Milwaukee School of Engineering must meet the following requirements:

- Technical bachelor's degree

- Programming experience with a modern language such as Python, C# or Java—one year of college course work or equivalent minimum

  - *Those with less experience will be encouraged to take CSC 5120—Software Development for Machine Learning*

- Minimum one year of differential and integral calculus required—multivariable calculus or linear algebra preferred

- Resume/CV

If the prerequisites are met, applicants must submit the following materials:

- Completed **application form**

- Official transcripts sent directly from all colleges and/or universities previously attended

* *International students can view additional admissions information by clicking* **here**.

APPLICATION PROCESS AT MSOE

The application process is designed to be as easy as possible. Please review the following to understand how to apply.

1. Complete the **online application form**

2. Submit required official transcripts directly to Milwaukee School of Engineering
